### ECONOMY TO BE WATCHWORD

and Trial Free Governor Mickey Proposes to Shut Off All

Needless Expenditures.

Number Put Up Lightning Rods to Be Ready in Case Burkett is Elected to the United States

Senate.

(From a Staff Correspondent.) LINCOLN, Nov. 12 - (Special.)-A policy economy will be introduced by Governor Mickey during his next term that, consistent with good management and good government, will be a revelation to the taxpayers of Nebraska. Next week he will start out on a tour of inspection of the various state institutions and everywhere that he can he will drop an employe from the payroll. The result of this trip probably will be a change in the management of some of the institutions. So far as known definitely these will retain their places: Warden Beemer of the state penitentiary, Dr. Greene, superintendent of the Lincoln asylum; Dr. Kerns of the Hastngs asylum. It is not unlikely that Super-Intendent Clark of Geneva and Commandant Penn at the Soldiers' home at Milford and probably Superintendent Johnson at Beatrice will step out, though this is by

no means certain. Already, under the management and direction of Governor Mickey, the per capita cost of maintenance at the state institutions has been greatly reduced, and in his coming term he expects to make the cost even less wherever it is possible. And in doing this Governor Mickey does not intend to allow any of the institutions to run down or allow any of the inmates to suffer in any way. He will do it by compelling the heads of the institutions to introduce better business methods in their conduct of affairs.

The governor will not attempt to dictate to the legislature what it shall do or to usurp any of the authority of a legislator, but no appropriation bill will be signed until it has been thoroughly scrutinized and examined. Very little money this year will have to be appropriated for permanent improvement, though there are some repairs that will have to be made in some of the institutions. It was talked some around the state house that the of-fice of food commissioner would be abolished, but at this time the governor is not yet ready to say what he will do other than to say he intends to run the affairs of the state on an economical basis and into history. that no one will draw a salary under his

administration who does not earn it. It will not be surprising if the forthcoming message of the governor will contain some recommendations to the legisla-ture that will be on the order of a revelation to cheap politicians and hangers-on, And another thing, if the legislature of Nebraska cares to enact an anti-pass law Governor Mickey will sign it.

### Candidates for Congress.

Congressional candidates are already springing up in the First congressional district. In Lincoln this morning the candi dacy of A. B. Allen was sprung, as was also the candidacy of Paul Jessen of Nebraska City. Mr. Allen is at present private secretary to Governor Mickey and Paul Jessen is judge of the Second judicial district, composed of Cass and Otoe counties. Frank Helvey and Frank McCartney of Nebraska City were in Lincoln this morning feeling over the ground to see what encouragement they could get for Jessen. Mr. Allen's name has been discussed among his friends for several days and should there be a vacancy in this congressional district he will make an active

Mortensen Refuses to Sign

Former State Treasurer Hill today offered State Treasurer Mortensen a certified check for \$3,812.40 in payment of all that was due on account of money deposited by Joseph S. Bartley, state treasurer, in a defunct Lincoln savings bank. Mr. Mortensen refused to take the money for the reason that the receipt Captain Hill offered for him to sign was for all money due the state from the defunct bank, of which Captain Hill is the receiver. The receipt had been drawn up by the attorney for Captain Hill in order that the affairs of the bank could be settled up. but as there is no record in the office of the treasurer to show how much money was deposited in the bank Mr. Mortensen refused to give a receipt in full, offering to receipt for the amount paid. The two will meet again Monday, when the attorney for Captain Hill will be here and likely the form of the receipt will be changed.

Minister Scores First. The Rev. Mr. Batten, head of the Law and Order Investigating League, has scored first blood and as a result Mrs. Sarah C. Hart has been bound over to the district court on a charge of renting a house to Josie Washburn for immoral purposes. He has filed a number of complaints of the same character and expects to make the fur fly between now and the next munici-

Offices Come Ensy.

According to the sworn statement filed with the secretary of state it cost H. M. Eaton just \$181.50 to be elected land commissioner. Of this amount \$100 was turned over to the republican state committee. Lieutenant Governor McGillon was elected to his old office with the expenditure of only \$50 and that was turned into the state

Morris Brown, who was elected attorney general, certified to the secretary of state that he paid out a total of \$447, of which the state committee got \$100 and the rest went for other expenses, including hotel bills, telegrams, telephone and incidentals.

Mickey's Expenses Light. It cost Governor Mickey just \$640 in cash besides his sleepless nights to again become the governor of Nebraska. He filed his expense account with the secretary of state and it shows that the state committee stuck him for just \$525; \$50 he gave to the Lancaster committee; \$50 to the Polk county committee and \$15 for advertising and incidentals.

Thanksgiving Proclamation. Governor Mickey, following the example of the president, has set apart Thursday,

November 24, as a day of thanksgiving and has issued a proclamation accordingly. LITTLE GIRL HELD AS BEGGAR

"I thought I would write you what Pyrmid Pile Cure has done for me. I had a most aggravated case of bleeding poles; indeed I dreaded when I had to go to stool. One fifty cent box cured me.
